

# BINGO!

Win win win, not everyone's a winner, but you could be!  
Each winner gets to pick his or her own fate and select an envelope.  
Will you get good fortunes or bad ones?

## Texas T

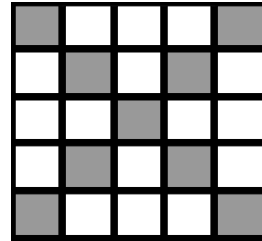

Two straight bingos,  
T can be facing any direction.

*Sweet tea, peach tea, blackberry tea –  
May-Ling likes a flavored tea like nobody's business...*

## Triple Bingo

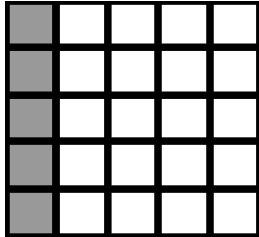

Continue playing on the same card.  
Three bingos, four corners count.

*Leith's a veggie, but May-Ling's family prefers  
triple bacon cheeseburgers. Mmm...Sonic.*

## Single Bingo

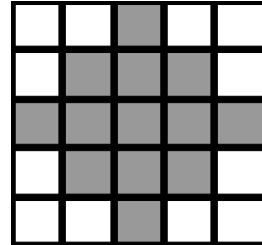

Straight line bingo, no four corners.

*If Leith could, he'd dress Homer Simpson style  
and wear the same single outfit every day.*

## Diamond

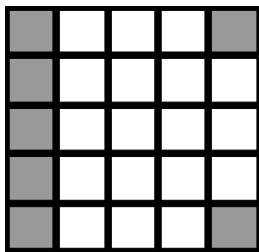

Create a diamond shape exactly as shown.

*We don't have a diamond ring because of the ethics  
around diamond mining, but check out our gears from  
Etsy!*

## Double Bingo

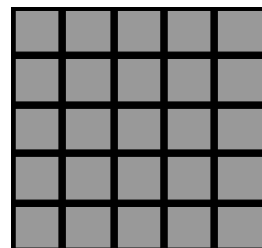

Continue playing on the same card.  
Two bingos, four corners count.

*We are double trouble – compadres,  
best buds and ultimately, partners-in-crime.*

## Blackout

Continue playing on the same card.  
Cover all spaces and win!

*During power outages, our high tech household gets  
bummed out since the TV and computer servers go  
down.*
